

RNI Film Styles for Capture One
How to Install
Step by step guide

Option 1: Easy Installation

1. Unzip the product
2. Launch Capture One
3. In the Styles & Presets panel click "..." and choose "Import Styles"
4. Navigate to the folder with the unzipped product, select the `.costylepack` file and click *open*
5. Enjoy!

Option 2: Manual Installation

1. Unzip the product
2. Locate the Capture One styles folder.
 - On Mac: / Users / <your username> / Library / Application Support / Capture One / Styles
 - On Win PC: / Users / <your username> / AppData / Local / CaptureOne / Styles
3. Copy all the folders from your product's *Manual_Install* folder to your Capture One *Styles* folder
4. Launch (or relaunch) Capture One
5. Enjoy!
